REMARKS.

As will be seen on reference to the advertisement

of the 8th July, the intention of the late

City Hall, on Saturday night, the 16th inst.

The last entertainment by these Minstrels was,

it will be remembered, a very successful one.

The close and oppressive heat felt last Monday

was suddenly dispersed yesterday morning

by a succession of showers of rain, which

last night, the 16th inst., the thermometer

stood at 59 on Monday, and the moisture of the

atmosphere rendered the sudden rise in the tem-

perature exceptionally trying.

Singapore possesses a large variety of animals

and reptiles. Between tigers, crocodiles, pythons,

&c., the residents must have more choice than

the people of the United States. The capture

of a large crocodile, measuring 11

feet 4 inches long, which was taken to the Cen-

tral Police Station on the 14th inst. by men

of the Chinese Police, who received the

usual reward of \$3.

The "Fun on the Island" Company reported

their performance at the City Hall last night.

Owing to the bad weather the house was not so

good as on previous nights. To-night the last

performance of the "Fun on the Island" Com-

pany will be given. The programme, when the

company will appear in the late H. J. Byron's

burlesque of "Fra Diavolo."

A well informed correspondent of our Shang-

meeting as to whether they approve of Dr. Manson's proposal.

The Chairman—We are going to get it now. Mr. FRASER-SMITH—I beg pardon, you are not. You are putting a substantive resolution of quite a different character.

Mr. FRASER-SMITH said this was merely a preparatory resolution. If the general feeling was in favor of the scheme those present would vote for the resolution, and it gave any person opposed to it an opportunity of expressing his opinion by voting against it. It was rejected, it would be clear the sense of the meeting was against Dr. Manson's proposal, but if it was carried it would show the sense of the meeting was in favor of the scheme while it would bind them to nothing.

Mr. FRASER-SMITH said Dr. Manson's explanation was ingenious, but the resolution was entirely out of order. The proper course would be to move the direct question of approval and allow the proposer and seconder of Dr. Manson's scheme to get the details. It was quite unnecessary to appoint a Committee of five, which would be a very costly business. The system of self-appointed Committees in Hongkong was going too far. He proposed that the meeting adjourn.

The Chairman then said he would appoint four gentlemen with Mr. Stewart-Lockhart, the secretary, so that they can go to work at once. You will never get a better chance.

Mr. FRASER-SMITH said the proposer and seconder could get all the details of the resolution at once, while a Committee of five would take two months to do it.

Mr. CHOW seconded the adjournment, and remarked that if Dr. Manson was elected, a Committee to sit on his scheme (Mr. Chow) had the same right to have a Committee to sit on his.

The Chairman then read the resolution proposed by Mr. FRASER-SMITH to the meeting. It was declared carried, but the numbers of those voting were not given, and it was the opinion of many that there had been a miscount. The Chairman, however, declared the resolution carried and declined to allow a recount.

Mr. FRASER-SMITH—I claim a ballot. I think I am in order in doing that. There was a mistake made in counting and a very great mistake.

The Chairman—I do not think you are in order.

MR. BURTON—May I say a few words? I have very good doubts whether any public meeting gathered here is ever likely to come to any definite resolution. I would propose that a representative Committee should be appointed. A large Committee here would be a waste of money, if so large, for the purpose of collecting not only all the probable schemes that might be proposed but all the details connected with them, and after these have been considered in Committee, the details of the scheme should be called to determine which scheme should be accepted. There are only two or three schemes that are likely to come before it. One is Dr. Manson's scheme, the Victoria Institute, and I don't know that there is more than one in addition which is likely to be proposed, say, an institution for female education. These three schemes, I think, are all that have been proposed with the exception of the Victoria Institute. I might as well say that the Committee is appointed to consider these different schemes and draw up plans, estimates of the cost, and everything connected with them, and come here to another public meeting, prepared with all the details on which the public meeting could decide. As we stand at present it is impossible for us to come to any conclusion. I propose a Committee of five, more than twelve should be appointed for the purpose of considering all the different schemes proposed, and that another public meeting be called for the purpose of determining which scheme should be adopted. The scheme being drawn out in detail and every particular written down. At present it is perfectly impossible for us to come to any conclusion on Dr. Manson's scheme, and I think it is better to have a representative Committee for the purpose of discussing these schemes in private, and then submit them to the public meeting, and ask which shall be accepted. (Applause.)

Mr. STEWART-LOCKHART said he thought the best thing to do under the circumstances would be to adjourn. In the meantime the proposer and seconder of the resolution would be able to take what steps they thought fit to ascertain the feelings of the community. He was certain no one who had brought forward anything would be the cause of any question as to whether a resolution had been carried or not. Some were under the impression some one had counted wrong and others that he had counted right. He thought it better to adjourn, and to avoid as much as possible, and he therefore begged to propose that the meeting be adjourned till Saturday at 4 o'clock.

The Chairman said the motion which was carried with one dissent.

The meeting accordingly adjourned.

POLICE COURT.

12th April.

BEFORE MR. H. B. WOODHOUSE.

DEFICIENT BALANCE.

Chung Wai, Chan Man Kwong, and Ng A K, shopkeepers, all of Shaukiwan, were charged by Inspector Baker with having balances below the standard weight.

The second defendant was fined \$10, and each of the others \$5.

HARBORING A CONSTABLE.

Yao Hing, of 19, Pottinger Street, was charged with unlawfully harboring a constable during the time appointed for him to be on duty.

Alexander Macaulay, P. B. 30, stated that on the 8th inst. he had charge of Sections 5 and 6. About 10 p.m. he could not find the European constable who should have been on duty.

He gained admittance and went into a back room where he found the constable asleep in a chair. Defendant denied all knowledge of the occurrence. He was at the back at the time.

Li Achea, a coolie employed in the defendant's shop, stated that the constable came to the shop in the evening and took a seat. He requested him to leave but he refused. He then sent the cooler to a policeman to remove him, but before he returned, the Police Sergeant called. The constable was in the habit of visiting the shop when on duty, but he had never been there before when on duty.

Defendant was bound over to a sum of \$50 to be of good behavior for six months.

BEFORE MR. E. MACKEAN.

ROBERT FROM A BOAT.

Chan Ksi, 37, of Tung Kuo, boatman, and Wing Ahing, 34, of Tung Kuo, harborer, were charged with Robert from a boat in custody with money, clothing, and jewelry to the value of \$207, the property of Liang Kow, on the night of the 8th inst.

Chan Ksi stated that on the night in question his boat was anchored at San Shai Po Wharf when the defendant with other men came alongside in a small boat and boarded. They seized him and compelled him to tell them where his valuables were kept. They then blindfolded him, put him in the hold of his vessel, and escaped with the booty.

Defendants, who denied the charge, were committed for trial.

THE REGISTRAR-GENERALSHIP.

TO THE EDITOR OF THE "DAILY PRESS."

Sir—Now that well-deserved promotion has been awarded to Dr. Stewart, I would suggest that the Government might as well way to reward another gentleman in the service. Mr. Woodhouse, who, in a few days, will be the only C.M.G. present in the Colony, is a thoroughly honest and conscientious official, and I feel convinced that he would be most valuable to the Registrar-General's Office.

He would give satisfaction to the vast majority of people with whom he would have to deal in his official capacity.—Yours, &c.,

JUBILEE!!!

Hongkong, 12th April, 1887.

CANTON.

[FROM A CORRESPONDENT.]

11th April.

The weather lately has been hot and muggy, but though all the rain has kept off. Some timely showers are sorely needed for the young rice, which is looking sick and promises badly on account of the long spell of dry weather.

A sign of the coming hot season is the donning by the mandarins, of their summer hats. This took place on the 8th inst. A not less convincing indication has been the rise in the temperature which has given us a foretaste of what is to come.

Three native pirates, who had been captured by the soldiers in one of the villages near Boos Tigra, after a vigorous resistance, were brought here yesterday and handed over to the Authorities. They will be summarily dealt with at an early date.

General Liu Yung-fu, the Black Flag leader, has not yet returned here from Kwangsi. Evidently he is in no hurry to comply with the directions of the Viceroy, which were to return to this city in order to go to Hainan to command his troops against the rebels there.

A fire broke out in a drugist's shop just outside the East Gate on the night of the 8th inst., and spread rapidly to the adjoining buildings. More than thirty houses were burned down before the fire could be checked. The manner in which the people handle fire, large conflagrations are not very frequent.

The Excellency the Viceroy Chang Chih-ling, accompanied by various high officials, will leave here on Sunday next, the 17th inst., for Boos Tigra, for the purpose of reviewing the soldiers in garrison there, and of inspecting the forts, in which improvements have been made.
